

Bat Requirement Update – Based on feedback from members of our association after the spring season and communication with other similar organizations, we have concluded that a hard requirement to use the “USA Stamped Bat” is not in the best interest of OPBA at this time. While the **USA stamped bats are still eligible for use in our league play**, we will also allow the USSSA BPF 1.15 stamped bats. Dizzy Dean still requires the USA Stamped bat for sanctioned all-star play, however we have determined that for our Rec league players, giving families the option is a better path forward.
